

ETERNAL AFFAIRS MEDIA

By [Curtis R Bizelli](#) | Watchman of The End Times | [Eternal Affairs Media](#)

I have written this list of **Top 50 Survival Items to Stock Up on Now** with the help of a few sources I've included in the "resources" section in hopes that you will be prepared for the coming collapse of our monetary system and society.

I have been studying controversial political issues and bible prophecy for SEVERAL years! We are on the verge of a total **SHTF (Shit Hits the Fan)** scenario with Martial Law.

The United States has **19 Trillion Dollars** in Debt and the PRIVATE Federal Reserve continues to print money out of thin air. This contributes to Hyper-Inflation which could leave a loaf of bread at \$10.00 per loaf or store shelves empty all together in the **VERY NEAR FUTURE!**

Vladimir Putin's favorite weapon of destruction is the EMP (Electromagnetic Pulse) ... **which could wipe out our entire power grid with ONE HIT leave US IN THE DARK!**

Biblical prophecy claims that the king of the south will declare war on the north and Obama has already declared war on Russia.

Pedo Joe is already following in the footsteps of Obama creating an even a **HUGER mess!!!** The supply chain is broken and we are already seeing **Hyper-inflation!** This Christmas could be DIM and I suggest beginning to stock up *'Yesterday'*.

(Don't believe *"programming"* on TV. It is called *"programming"* for a reason; You're being PROGRAMMED! Having worked in Sales & Marketing practically all of my life and now operating my own alternative news / media organization, I know first-hand how media outlets use words to twist and turn things, deceiving you from the truth. Advertising is used in everything these days and it can be very deceptive and tricky).

I know not everyone is "religious" or believes in God but humor me for a moment. I firmly believe that **The Holy Spirit** (given unto us by Jesus Christ) offers something called "discernment", gift related to 'wisdom' which will guide you to the truth in all situations. **It will NEVER fail you.**

The slogan for EA Truth Media is "the truth powered by The TRUTH" capitalized purposely in this way! We have plenty of unsettling truths in this world that we speak of on our media website but **Jesus said**, "In this world you will have trouble

but take heart for I have overcome the world.” – John 16:33.
On our site, Jesus
is The Ultimate TRUTH that governs everything else written.

If you don't believe in God, I understand! ... just listen to your GUT, your intuition ... that still small voice inside of you called **COMMON SENSE!** It's very rare these days, and **Eternal Affairs Media** is determined to bring back The High Moral Fiber this great country, United States of America was founded upon.

EA Truth Media was founded by myself, [Curtis R Bizelli](#) in 2010 when I was just beginning to invest in precious metals. I speak nothing but **TRUTH & LIFE!** [This is my Ultimate Mission by a Higher Power.](#)
